

# Mosquito Problems start at home

## 1st Line of Defense:

Eliminate standing water or  
Treat water with insecticide

Empty water from tires, toys, swamp coolers and flower pots  
Change water in pet dishes daily

Treat fountains  
and pools with  
larvicide

Fix leaky  
faucets and  
sprinklers

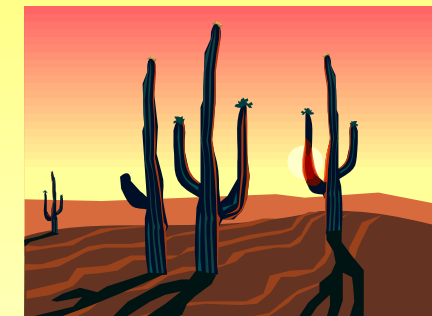

Recycle old  
bottles, buckets  
and cans

## 2nd Line of Defense:

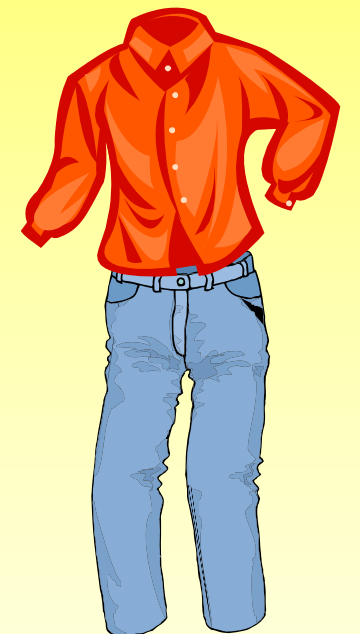

Protect yourself

Repair window  
and door  
screens

Avoid outside  
activity from  
dusk to dawn

Wear long sleeves  
and long pants  
when outside

Apply insect repellent  
with DEET,  
oil of lemon  
Eucalyptus or  
Picaridin

# Protect yourself and your loved ones

**Fight the Bite**
